# CELEBRATE WELLNESS

## Where Luxury Meets Wellness

In the heart of nature's embrace, nestled in the quiet Morjim village, stands Samara, a beacon of refined luxury where every nuance speaks of artful design and a commitment to holistic rejuvenation.

# FINE SANDS, CLEAR WATERS

## Where We Are

Morjim Beach is one of the most clean and tranquil beaches of North Goa and serves as a nesting habitat for Olive Ridley Turtles. The 3km long beach is ideal for a long walk and the beautiful sunset view.

Our property is just 300 metres away from Morjim beach and less than a kilometre from where the Chapora river flows into the sea with lush hills in the backdrop.

# CALMING HUES

## Colors That Speak Volumes

Samara's rooms come alive in two distinct color palettes - beige and grey. The beige infuses the rooms with a sense of timeless sophistication, reminiscent of old-world charm. The grey, on the other hand, mirrors the modern, cutting-edge aesthetic of contemporary art and design.

# A PLAY OF LIGHT

## Luminous Ambiance

The rooms are bathed in soft, indirect lighting that fosters an intimate setting as night falls. Come dawn, and the ambiance undergoes a delightful transformation. The large sliding doors lead to a balcony, with abundant sunlight and idyllic views of majestic trees that sway with the rhythm of nature.

# VISIONS OF JOY

## Art That Breathes Life

The walls of these rooms are adorned with selected artworks by Dr. Bharat Thakur. His delicate watercolors and pastels are thoughtfully framed above the writing desk, while the corners come alive with the vivid and passionate strokes of his acrylics and oils. A uniquely textured and colored bed board, personally curated by Dr. Thakur, accentuates the room's artistic essence.

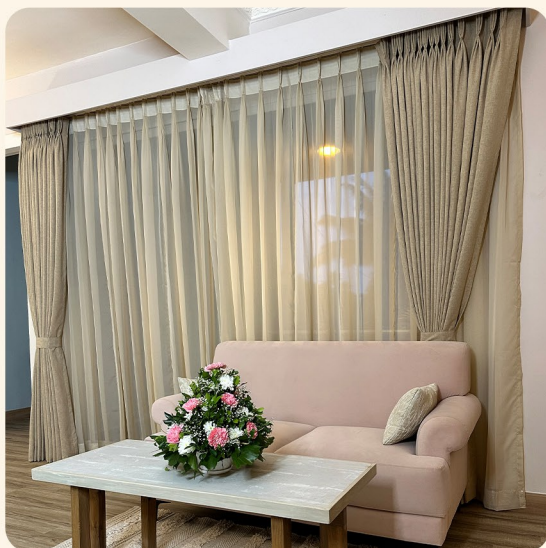

# SOFT LIKE A CLOUD

## Texture and Comfort

Every piece of linen in Samara is a promise of luxury. Silken to the touch, the linens are pure, plush, and imbued with a chic sophistication. As one sinks into the bed, the aroma from Samara's elixir wafts in the air - a bespoke collection of aromatic blends, soaps, shampoos, and conditioners that are a testament to our commitment to holistic luxury.

## AND SHADES

### **Furniture That Marries Aesthetics with Functionality**

The room's furniture, meticulously designed, offers not just visual delight but also unmatched comfort. The desk chair, with its ergonomic design, ensures that your back feels supported, whether you're penning down thoughts, working, or simply lost in contemplation. The pastel-shaded sofa, in harmony with the bed's hues, stands as an inviting spot to relax, converse, or simply sip on a drink.

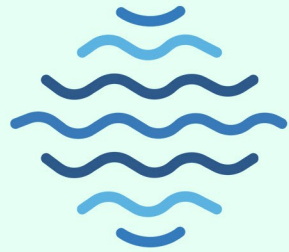

# ROOMS WITH A VIEW

**The Great Outdoors, From the Comfort of Your Room**

The balcony beckons with its relaxed chairs and table - a serene spot to relish the hues of dawn or dusk, accompanied by a refreshing cup of coffee or a traditional chai.
